

## **Updates on the 22nd IAGP International Congress**

Dear IAGP Community,

We sincerely appreciate your interest in our upcoming event.

We would like to inform you that the early bird registration deadline has been moved until the end of April. We apologize for any inconvenience this adjustment may cause, but this decision was made to ensure greater financial and organizational clarity. It will allow us to confirm participant numbers early and stabilize event operations.

Additionally, we are pleased to announce that the abstract submission deadline has been extended to March 31. In response to feedback, we have also expanded the applicability of student rates and introduced a new online program. This will provide more opportunities for participation and presentations for those unable to join us in Japan.

These changes have been made with the goal of enhancing the conference experience for all attendees.

We appreciate your understanding and look forward to a dynamic and enriching event with the participation of many.

Thank you for your continued support!

Warm regards,  
Heloisa Fleury,  
IAGP President
